

### 2023 CCAR Candidate Interview Questions

1. Clark County is seeing sustained growth with the new residents and jobs that come with it. If elected/re-elected how would you respond to this growth and how would you fund new infrastructure and increased capacity?
2. How would you enhance transparency and accountability within the municipality you hope to serve? How can staff effectively support and facilitate economic growth and housing production?
3. Clark County is now the second densest county in Washington State. How do we avoid problems of other dense regions while maintaining and improving affordability and quality of life?
4. Clark County continues to suffer from a lack housing inventory. This negatively impacts our 2,000 members and their clients. How would you work with the private sector to spur more housing production? Are you supportive of public-private partnerships like the multifamily tax exemption program and downpayment assistance?
5. Crime is increasing in Washington State and Clark County. Define what your thoughts are on public safety, how do we keep neighborhoods, people, and businesses safe long term?
6. How would you effectively communicate and collaborate with other jurisdictions?

7. Give us an example of a moment of failure in your life or career, how did you recover and what did you learn from it?
  
8. Elected officials should strive to be servant leaders. What have you done in the past to serve your community and what will you do in the future, if elected?
